ARTICLE 1 – ERASMUS MOBILITY FOR STUDY PURPOSES

The call for applications is hereby published for the 2022/2023 academic year to award Erasmus+ mobility grants for university students to study at universities in countries associated with the Erasmus+ programme (*programme countries*) as well as for countries not associated with the programme (*international mobility - non-EU countries*) for the conducting of the following activities:

- Attend courses and take related exams.
- Prepare thesis.
- Perform research, laboratory work, clinical duties, and other activities provided for by the course content.

The lists of all exchanges activated for each department for the 2022/2023 academic year are attached and form an integral part of this notice.

It should be noted that the new Erasmus + programme stipulates the digital signing of all bilateral agreements on the Erasmus Without Paper platform - which is still in the technical implementation phase - therefore, although the International Relations Office is working on their confirmation, the attached tables may be updated and/or certain destinations may be cancelled.

It must be stressed that this selection, as all activities and related funding in this notice, is subordinate to the approval of the application mentioned in the recitals and the signing of the Erasmus+ 2022/2023 funding agreement between the university and the Agenzia Nazionale Erasmus+.

Mobility to Switzerland and the UK

With the entry into force of the new Erasmus + Programme, the United Kingdom and Switzerland are identified as non-EU countries. Students who are selected to study on campuses in these countries must comply with the same requirements set out in this Notice of Selection for programme countries and will receive the contributions referred to in group 1 (attachment 1).

Students wishing to apply for UK campuses will need to consider that:

- 
1. it is necessary to comply with the entry rules set out by the United Kingdom and, consequently, to enquire as to the necessary entry visa requirements and health insurance needs,
 2. the costs associated with a visa, health insurance and any other costs required for entry to the United Kingdom or any other expenses cannot be covered by the University of Naples Federico II,
 3. Some British universities require ad hoc language certifications in order to issue an invitation letter for the purpose of obtaining a visa, based on the duration of the exchange. Therefore, it is strongly recommended to check the website of the host university carefully and, if necessary, contact them directly for more information.

Mobility to countries not associated with the programme (international mobility for non-EU countries)

The Erasmus+ Programme allows a period of mobility to a university (affiliated with UNINA) located in one of the following non-EU countries: Albania, Armenia, Chile, Japan, Israel, Kazakistan, Marocco, Montenegro, Republic of Moldavia, Popular Republic of China, Russian Federation, Ukraine, USA.

All requirements set out in this call also apply to students applying for exchanges with universities in Partner Countries ("general eligibility requirements", "language requirements", "selection procedures"). As established by the Erasmus+ Programme, however, specific financial contributions are envisaged for these locations (see paragraph "Financial contribution" - Annex 3).

ARTICLE 2 – APPLICATION SUBMISSION REQUIREMENTS

All students enrolled in the current academic year in a course of study at the University of Naples Federico II – including master's, and Specialisation School and PhD – are admitted for selection. Students enrolled in the first year of the three-year and single cycle master's degrees must have obtained at least 12 ECTS by 15.2.2022 (applications from students who do not meet the 12 ECTS requirement will be automatically rejected).

The Erasmus+ Programme allows a student to receive the Erasmus grant several times for a maximum of 12 months for each study cycle, regardless of the number and type of mobility (for study and/or internship purposes). The calculation of the Erasmus study period previously done also includes any extension for which no grant has been received.

For students enrolled in single cycle master's degree courses, the maximum number of months is 24.

It is mandatory for each candidate to activate their institutional e-mail address @studenti.unina.it which will be the only official means of communication.

ARTICLE 4 – SELECTION

Departments/Schools are competent for the selection according to the following roles:

First cycle - Bachelor (LT) and Single Cycle Master (LMCU)

$$Punteggio = Media * \frac{CFU_{Effettivi}}{CFU_{Previsti}} 100\alpha$$

Master Degree (LM)

$$Punteggio = \frac{\left(\frac{VLT}{110} 30\right) * 180 + Media * CFU_{Eff}}{180 + CFU_{Previsti}} 100\alpha$$

Score for PhD Courses for candidates holding Single-Cycle Master's degrees (SCMA)

$$Punteggio = \frac{\left(\left(\frac{Voto\ Laurea}{110} 30\right) * 300\right)}{300} 100\alpha$$

Score for PhD Courses for candidates holding Master's Degrees (MA)

$$Punteggio = \frac{\left(\left(\frac{VLT}{110} 30\right) * 180 + \left(\frac{VLM}{110} 30\right) * 120\right)}{300} 100\alpha$$

Punteggio = score

VLT = Bachelor's degree final mark

VLM = Master's degree final mark

CFU Eff = ECTS acquired as of 15 February 2022

CFU Previsti = the greatest number of credits that can be acquired by students by the end of the first semester of year 2021-22 as in the following table

Valid ECTS (Credits) are those registered as of 15 February 2022. Students are required to check the data collected in their transcript of records (see notice of 14 January 2022).

Maximum available ECTS (Credits) are conventionally defined as the greatest number of credits that can be acquired by students by the end of the first semester of year 2021-22, as summarised by the following table:

Maximum available credits							
YEAR OF ENROLMENT							
	1	2	3	4	5	6	Supplementary year

ARTICLE 5 – PUBLICATION OF RANKINGS – ACCEPTANCE OF ERASMUS SCHOLARSHIP

Rankings will be published on each Department's website starting from 21 April 2022.

WITH FURTHER NOTICE THE INTERNATIONAL OFFICE WILL PROVIDE INSTRUCTIONS FOR selected candidates concerning the acceptance/refusal of the DESTINATIONS ASSIGNED.

Destinations assigned can not be modified. Destinations that have not been allocated to or chosen by any candidates will be filled by other students in the ranking **only for the second semester**.

Although the International Relations Office "nominates" the selected students (i.e. notifies the partner universities of the names and contact details of the students who have duly accepted the assigned destination), it is students' responsibility to check the administrative requirements and the relative deadlines set by the partner universities; if these are not respected, students may run the risk of not being accepted by the partner university.

It is the student's responsibility to check the specific requirements (language, enrolment, access to courses) and the application deadlines at the host university by consulting the websites, the partner university information that the office publishes and updates, or by contacting the universities themselves.

Please note that:

- 1. the deadlines included in the tables relating to active exchanges may be subject to change by the partner institutions;**
- 2. where the deadlines for nomination and application procedures for the first semester have expired or are about to expire, the scholarships available are for the second semester only.**

ARTICLE 6 – OTHER CANDIDATES IN RANK ORDER AND ASSIGNMENT OF REMAINING SCHOLARSHIPS

Further changes to the ranking list and/or the relative allocation of residual scholarships **exclusively for the second semester, no later than 15-09-2022.**

ARTICLE 7 – LANGUAGE REQUIREMENT

It is essential that successful candidates have a good knowledge of the foreign language in which the courses will be taught at the host university. Proof of language proficiency **MUST BE PROVIDED IN THE FORM OF A LANGUAGE CERTIFICATE AT THE TIME OF SIGNING THE ERASMUS CONTRACT BY ALL STUDENTS AWARDED ERASMUS SCHOLARSHIPS.**

- A) Where specifically indicated, students must comply with the type of certification required by the host universities; students must check the tables attached to this notice regarding the active exchanges by department and consult the "Info Partner Universities" page of the University website as well as the websites of the individual European universities.
- B) Language proficiency must in any case be demonstrated by means of the following documents:
1. certification issued by international boards and/or institutions (e.g. IELTS, TRINITY, TOEFL, DELF, DELE, ZD, ZDfB);
 2. level certificate issued by the CLA following a placement test (which students can take free of charge). The CLA will organise several placement test sessions spread over the different semesters, the dates of which will be promptly communicated.
 3. level certificate issued by the CLA at the end of the French, German and Spanish courses offered free of charge to Erasmus grant winners in June/July;
 4. proficiency level certificate issued by foreign universities where the student has carried out a period of Erasmus studies.

CERTIFICATES ISSUED BY LANGUAGE LECTURERS OF THE COURSE OF STUDY, OR THE MERE RECORD OF LANGUAGE EXAMS INCLUDED IN THE COURSE OF STUDY WITHOUT THE SPECIFIC INDICATION OF THE CEFR-LEVEL ACHIEVED WILL NOT BE ACCEPTED, NOR CAN THE STUDENT BE EXEMPTED FROM THE OBLIGATION TO PROVIDE PROOF OF LINGUISTIC PROFICIENCY IF THE PARTNER UNIVERSITY DOES NOT REQUEST IT.

The following are exempt from submitting the above documents:

1. students enrolled in the LM37 class degree or already in possession of the L11-class degree;
2. students attending courses offered in English at the Federico II University and who will attend courses offered in English at the host university
3. students selected on Double Degree Programmes;
4. students who have already uploaded the certificate of language proficiency consistent with the requirement of their assigned location with reference to the level reported in the tables.

In addition, as a support to outgoing students who have signed their contract, the European Commission has so far provided online language courses.

ARTICLE 8 – DURATION OF THE ERASMUS PERIOD

The study period abroad, whose duration may vary between a minimum of 60 days and a maximum of 360 days, will have to take place between **1st June 2022 and 30th September 2023**.

The Erasmus period cannot be shorter than 60 days (uninterrupted and certified by relevant documents issued by the hosting organization) **under penalty of having to return the entire grant and losing the status of Erasmus student.**

In the case of third-cycle students (**PhD and specialisation courses**) shorter mobility periods are allowed of **between 5 to 30 days**.

The departure date and the duration of the period to spend abroad must be established at the moment of accepting the scholarship and depend on the starting and ending dates of courses and/or other activities held at the different hosting destinations, as well as on the expiration date of bilateral agreements (as reported in the tables attached).

In any case, students intending to study abroad for a single semester will receive funding for no more than 5 months (with the sole exception of those destinations whose duration is differently indicated in the table); students intending to study abroad for an entire academic year will receive funding for no more than 9 months (with the sole exception of those destinations whose duration is differently indicated in the table). However, it will be possible to request an extension of the study period, previously agreed with the host organisation. Funding of the extension is not guaranteed.

ARTICLE 9 – ERASMUS AGREEMENT

Selected students, before leaving, will have to sign the Erasmus financial agreement following instructions which will be provided at a later moment.

The students who have participated in the call for applications as third-year students of a three-year Bachelor's degree for an outgoing date during the first year of their ensuing MA, will need to show proof of enrolment in the first year of one of the MA courses activated at the same Department.

The award of grants depends on the confirmation of all agreements by partner universities.

In addition, students will have to ensure they fit the admission requirements set by the partner university, such as proof of proficiency in the language of the lectures. The Erasmus-grant candidate, during his stay at the host university, will not be allowed to benefit from other EU funded programmes and is obliged to regularly pay university fees in compliance with the methods and times set out by the University of Naples Federico II.

ARTICLE 10 - FUNDING

- a) The grant for students travelling for study reasons to countries associated to the programme as well as the UK and Switzerland (annex 2), is comprised of the following:
1. EU contribution: this is a monthly allowance adjusted according to the destination country and to the number of days of stay abroad (tab. 1).
 2. EU monthly contribution for students in disadvantaged socio-economic conditions, based on the ISEE certification used for university purposes as submitted by the students at the moment of enrolling for 2021/22 Academic Year courses. In the case of candidates applying as third-year students of a Bachelor's Degree and who intend to move abroad as first-year students of a MA, the ISEE certification submitted for the latter course will be considered if available in our database (tab. 1). This shall be without prejudice to the possible further provisions that might come from the MUR or by the Erasmus+ National Agency.
 3. Integration to the Erasmus scholarship from the Ministry of University and Research (MUR), supplied according to three value bands of the ISEE certification for university purposes as submitted by the student at the moment of enrolling in Academic Year 2021/22 (Tab.2). This shall be without prejudice to the possible further provisions that might come from the MUR or by the Erasmus+ National Agency.
 4. Integration to the Erasmus scholarship from the University Federico II, for all students on mobility programmes, based on the number of days of stay abroad and supplied after the student has returned to Italy.
- b) The grant for students on mobility programmes for study purposes towards countries **not** included in the programme international mobility – non EU countries (annex 3), is comprised of:

1. **EU contribution:** a monthly allowance adjusted according to the number of days of stay abroad (tab. 1);
2. **flat-rate travel contribution:** based on geographical distance (measured in kilometres) (tab. 2).

c) **GREEN TRAVEL**

The 2021-27 Erasmus programme includes a Green Travel contribution for students who choose to travel by means of transport other than airplanes, such as buses and trains, with low emissions for the main part of the journey. Eligible students will receive a single contribution of 50€ for individual support and up to 4 days of additional individual support to cover travel expenses – if applicable and properly documented (nominative proof of purchase ticket to be kept and shown upon return, together with any documentation requested by the International Relations Office).

In order to be eligible for the scholarship, the student must have passed/completed at least one of the activities listed in the Learning Agreement (exams, internship, final dissertation) for each semester spent abroad. Otherwise, the entire scholarship must be returned if already received. The Transcript of Records will be proof of validation. Alternatively, for the internship and the final dissertation, validation must be provided by the teacher who will have followed the student's activities.

It should be noted that the amounts due will be paid into the current accounts of the students - whose IBAN codes must be included in the application.

Where complying requirements, Erasmus students can participate in the selection for supplementary grants announced by the Regional Agency for the Right to University Education (ADISURC), according to the deadlines and methods provided by the institution (www.adisufederico2.it).

Students with disabilities will have the opportunity to participate in the selection for supplementary grants on the basis of the Circular of the National Agency which will be published in the Erasmus Section of the website.

ARTICLE 11 – ACADEMIC RECOGNITION

Before leaving, the selected student shall agree with the Federico II University and the host University upon a clearly defined study program (**learning agreement for studies**). At the end of the study period abroad, the host University must issue the student with an official certificate detailing the results achieved (**transcript of records**). The Federico II University will guarantee the student the complete academic recognition of the learning activities carried out at the host institution, as indicated in the learning agreement, as an integral part of his course.

ARTICLE 12 – STUDENT DUTIES

The student is required to comply with the provisions of the European Commission AND of the Federico II University indicated on the Erasmus page of the University website and of the partner universities, particularly as regards the requirements, modes and terms of enrollment.
